In connection with the termination of the sponsored DR programs for NCSP and our announcement dated [May 9, 2022](#), JPMorgan Chase Bank, N.A., as Depositary ("**J.P. Morgan**"), has sold the securities underlying the sponsored DRs of NCSP (the "**Divestment**") in accordance with applicable laws, rules and regulations, and terms of the amended and restated deposit agreement dated September 20, 2021, between J.P. Morgan and NCSP (as amended, the "**NCSP Deposit Agreement**").

The purchase price for the Ordinary Shares of NCSP in connection with the Divestment as set out in the table below (the "**Ordinary Share Purchase Price**") represents 30% of the closing price of one NCSP Ordinary Share published by the Moscow Exchange as of December 29, 2025. The relevant RUB-USD foreign exchange rate used to calculate the Ordinary Share Purchase Price is the rate published by the Bank of Russia for December 29, 2025. The Ordinary Share Purchase Price reflects a mandatory discount required by Russian regulations and terms of the Russian governmental approval obtained for the Divestment after arms-length negotiations with a non-sanctioned purchaser (the "**Purchaser**"). Neither "exit taxes" to the Russian government nor fees to the National Settlement Depository were paid in connection with the Divestment.

The U.S. Treasury Department's Office of Foreign Assets Control ("**OFAC**") issued a specific license, authorizing all U.S. persons, including U.S. financial institutions, intermediaries, and advisors, to engage in all transactions ordinarily incident and necessary to divest to the Purchaser securities issued by Russian entities that are not (i) on OFAC's Specially Designated Nationals and Blocked Persons List ("**SDN List**") or (ii) otherwise blocked pursuant to OFAC's sanctions targeting Russia. The authorization covers divestment of NCSP's Ordinary Shares because NCSP is neither on the SDN List nor otherwise blocked. Any holders of outstanding DRs as of the date hereof (the "**Remaining DR Holders**") wishing to receive proceeds from the Divestment should also assess their obligations to comply with other international sanctions.

Remaining DR Holders must surrender their DRs for cancellation through their brokers in order to receive payment of a pro rata share of the liquidation proceeds (after deduction of cancellation fees and any other applicable fees and expenses, the "**Net Liquidation Proceeds**"). The Net Liquidation Proceeds will be available commencing on/around ten (10) business days from the date hereof (the "**Distribution Commencement Date**"). After the Distribution Commencement Date, until surrendered, a DR will represent only the right to a holder's pro rata share in the Net Liquidation Proceeds as provided in the table below; the Remaining DR Holders shall not be entitled to any interest on

the Net Liquidation Proceeds.

With the completed Divestment, the Depositary shall be discharged from all obligations in respect of the Deposit Agreement and the DRs, except to account for the Net Liquidation Proceeds.

	NCSP (Reg S)	NCSP (144A)
Ordinary Share Purchase Price:	\$0.032996	\$0.032996
DR Ratio (ORD:DR):	75:1	75:1
Gross USD per DR:	\$2.474700	\$2.474700
Russian Withholding Tax Rate:	0.0000000%	
Rate per DR (USD)*:	\$2.445655	\$2.445655
Final Cash Distribution Rate per DR (USD)**:	\$2.389009	\$2.389009

* The cash distribution rate per DR reflects the impact of twice-cancelled DRs under the Russian forced conversion laws (Russian Federal Law No. 319-FZ) in 2022. The result of these forced cancellations is that J.P. Morgan may be missing some NCSP Ordinary Shares and is unable to fully reconcile records of certain outstanding DRs against the underlying NCSP Ordinary Shares that are actually in custody. The mismatch represents less than 1.2% of the shares in custody. In the event J.P. Morgan's recovery efforts are successful and reconciliation with respect to such Ordinary Shares is possible in the future, J.P. Morgan will seek to make additional distributions subject to compliance with applicable laws and regulations.

** The final cash distribution rate per DR is inclusive of a cancellation fee of US\$0.05 per DR and all fees, costs and expenses associated with J.P. Morgan's effectuation of the Divestment.

In February 2025 and January 2026, J.P. Morgan received dividends on the NCSP Ordinary Shares underlying the outstanding DRs. However, distribution of dividends is not currently permitted under Russian regulations, which require these funds to be held in a restricted "type S" account in Russia. At such time that J.P. Morgan is permitted to do so, it will distribute such dividends pro rata among the Remaining DR Holders. J.P. Morgan cannot provide any assurance that any such additional distributions will be permitted under applicable laws and regulations, or operationally feasible.
